

Technology Applications

Lesson: 4/10/20

Learning Target:

Students will be able to use google docs to create a brochure about Natural disaster survival

Let's Get Started:

Watch Videos:

[Tornado](#)

[Tsunami](#)

[Hurricane](#)

[Earthquake](#)

[Volcano](#)

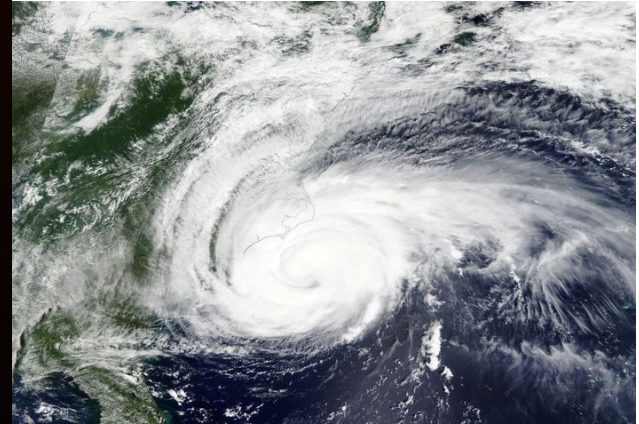

[Wildfire](#)

[Floods](#)

Practice:

Pick one natural disaster, either one of the videos from the introduction or one you find on your own.

Research information about a natural disaster and the best ways to survive it.

Practice:

Take the information that you gather to create a brochure to help someone do what they need to in order to survive the natural disaster.

If you do not know how to make a brochure you can look back to the lesson on 4/8/20.

There is also this video to help you: [How to make a brochure on google docs](#)

If you do not have access to technology then you can make this by hand.

Additional Practice

Make a video presentation of you presenting the brochure. You can use the webcam on your chromebook or use a phone.

Send it to a friend and see what they think of it.

Self Assessment

Present your brochure to your parents/guardians.

Have a conversation with your parents/ guardians and see if they can come up with anything that you missed.

Ask them to look over your brochure and see if they can help you make it better.
