Technology Applications Virtual Learning

Alligator vs. Crocodile

April 21, 2020

8th Grade Technology Applications
Lesson: April 21, 2020

Objective/Learning Target:
I can research information about alligators and crocodiles and create a Venn Diagram.

Getting Started:

Watch this video
[Alligator vs Crocodile!](#)

Practice:

Use the video and write down similarities and differences between an alligator and a crocodile.
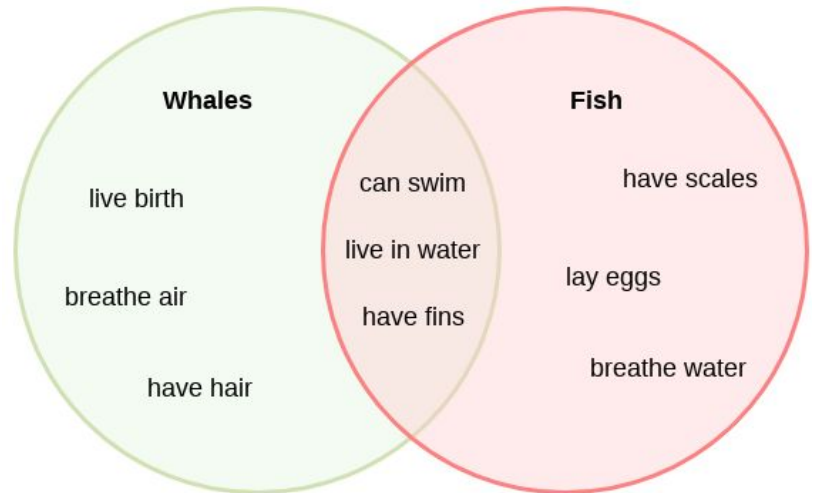

Practice:

Research more facts about alligators and crocodiles and add them to your lists.

Practice:

Next I want you to make a Venn Diagram comparing and contrasting the two animals.

Whales
- live birth
- breathe air
- have hair

(overlap)
- can swim
- live in water
- have fins

Fish
- have scales
- lay eggs
- breathe water

Practice:

Use Google Docs to create a Venn Diagram. Here is a video that will help you.

Creating a Venn Diagram

Self-Assessment:

Create a rubric that could be used to assess this assignment.

Use the rubric to check to see if you completed everything.

Additional Practice:

Create your own Venn Diagram on Google Docs.

Pick your own topic and facts.

Quiz a family member to see if they can come up with the correct answers on your Venn Diagram.
