

## RFP Questions II

Does not specify the Auto Limit required.

\* Umbrella Limit says “contractor shall maintain at least \$4M in coverage”.... I’m unsure if this means \$4M in TOTAL coverage, or a \$4M Umbrella over a \$1M Auto (meaning \$5M Total coverage).

\*The Umbrella Limit of \$4M..does this apply to both GL and Auto, or just Auto?

\$1M combined single limit on the auto with a \$4M umbrella.

The umbrella should sit over the auto and the general liability.
