

Addendum No.1

Issued: July 12, 2024

RFP Name: Chiller Replacement at William Chrisman High School

RFP# 2024-PUR-019

Below are answers to questions we have received (**Answer in Red below**):

1. Could I have a copy of the equipment schedule for the chilled water pumps? They're typically the last page of the mechanical portion of the drawings, many times labeled M500.

Please go to on site and see what pumps we have and provide an exact match replacement. We don't have any architectural drawings for them.

2. I am emailing you on behalf of Carrier Corporation to see if we can be considered an approved equal manufacture to provide a bid on the two subject Chiller Replacement Projects.

No, we are requiring Trane for the replacement.

3. The scope work calls for replacing (2) secondary pumps, but there are (3) secondary pumps. Is your intent to just replace (2) of the (3) pumps? If so, which (2)?

Please include in the bid the replacement of all three secondary pumps.

4. Attached are the individuals that came to the Pre-bid meeting.

INDEPENDENCE SCHOOL DISTRICT 30

Pre-Bid

Project: Chiller Replacement at William Chrisman High School RFP# 2024-PUR-020	Meeting Date: July 11, 2024, 9:00 a.m.
