

Addendum No.1 Issued:

Date: November 30, 2017

RFP: Generator

Questions:

From the RFP, can you define the term “set-up”? Is it fuel source designed documented and connected? Any electrical connection in this RFP? What are you expecting?

2.Requested Equipment

2.1.Description of Equipment

2.1.1.Generator.

2.2.

Delivery

2.2.1.FOB (Free On Board) and to include installation, set-up of new equipment at the following address and time:

Answers:

Fuel Type: Regular Gas

The set-up will be purchasing generator, setting up on pad and starting up to insure that it is fully functional. The electrical connection will be done by owner/contractor.
