The Library is included and is on the map. See below map with Library circled and it was included on the map in RFP. The kitchen was accidently circled it is Epoxy flooring.

Gustavo mentioned something about the offices in the Library getting carpet even though the diagram did not indicate such. Please confirm, yes or no.
Yes.
7. Regarding Request for Proposal, Document Line 6.6.6 – Does this apply since unemployment is currently below 5% and what happens if unemployment goes over 5% by the time the work is done this summer? Also, is Kansas a non-restrictive state?
At this point this is not an issue, but we can address if necessary.

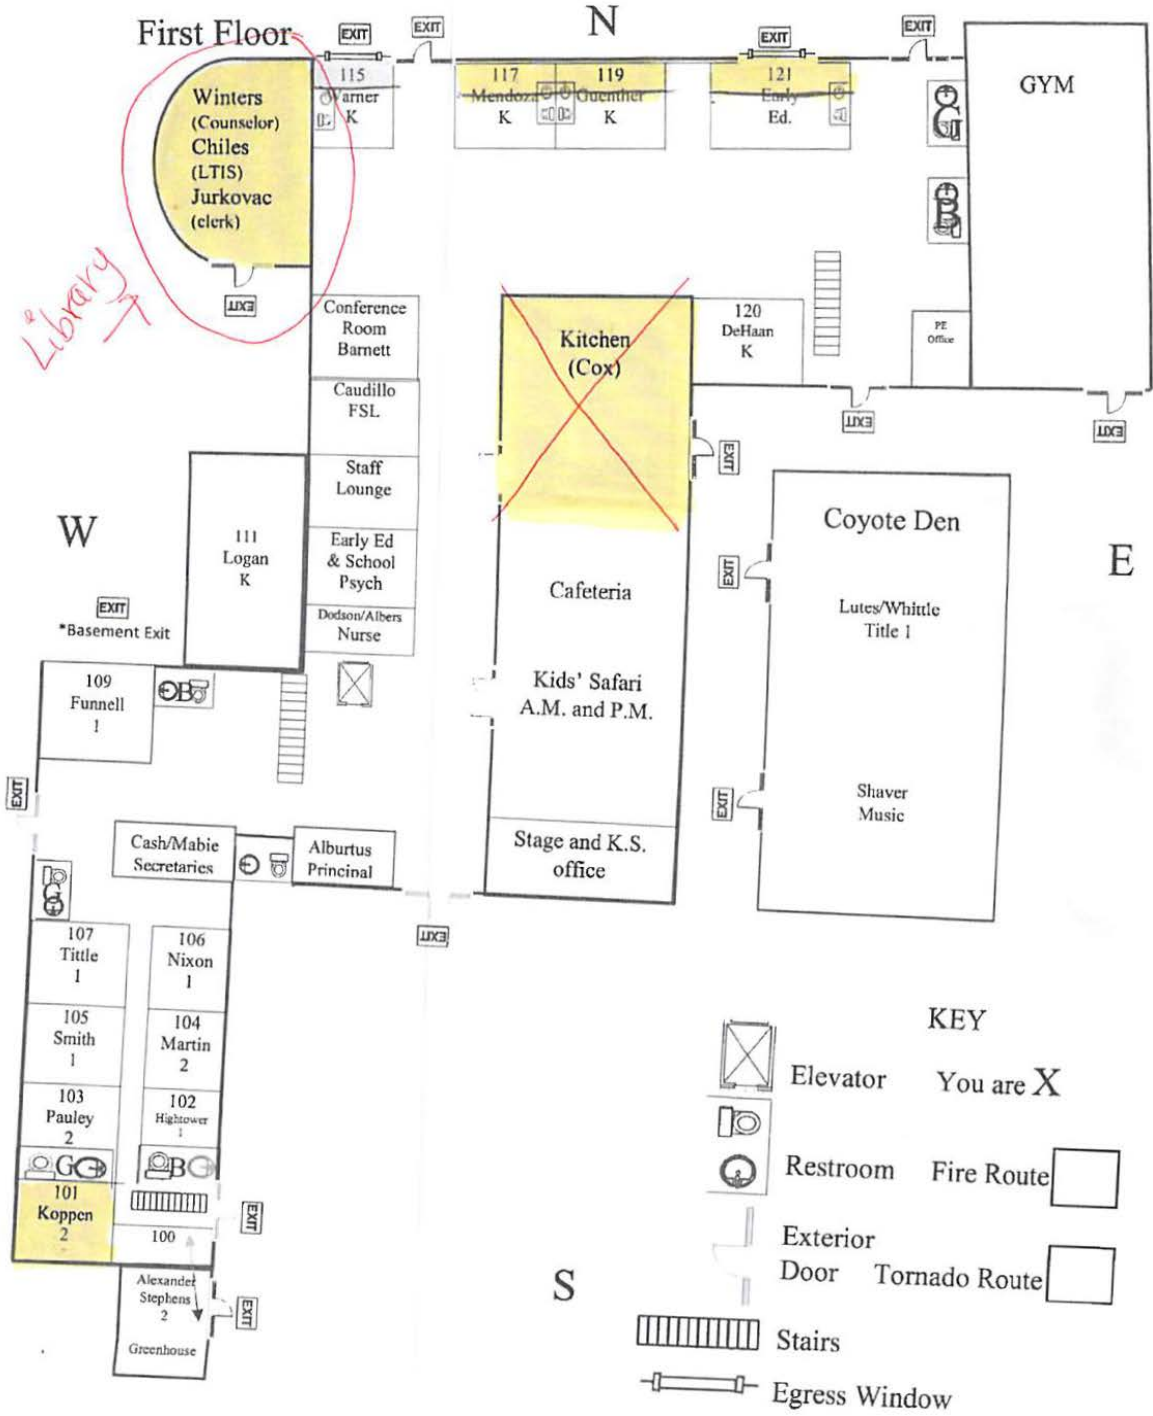

8. Line 6.6.9 - Has lead paint testing been performed at any of these schools and if not, how will it affect flooring contractors?

We do not believe to our knowledge that we have lead base paint in any district buildings. However, if you are concerned about any certain area, we will test at owner's expense.
