2.1. Type of items requested:

2.1.2. Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 requires schools and institutions participating in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) in the contiguous United States to purchase, to the maximum extent practicable, domestic commodities or products for use in meals served under the NSLP and SBP. The legislation defines “domestic commodity or product” as one that is produced in the United States and is processed in the United
States substantially using agricultural commodities that are produced in the United States. “Substantially” means that over 51% of the final processed product consists of agricultural commodities that were grown domestically. It is essential that to ensure that all purchases of agricultural commodities and food products comply with this statutory provision. This provision applies to all aspects of purchases made within the scope of operation.

2.2. Locations:

   2.5.1. Vendor selection date: June 13, 2017
   2.5.2. Contract start date: July 1, 2017

3. Scope of Services
The District operates 31 production sites which provide breakfast and lunch to approximately 14,500 students each day. Our schools are open from mid-August through the last week of May. Additionally, a summer school program is offered during June and July each year that services approximately 5,100 students. For the term of the Agreement and extensions permitted pursuant to this Request for Proposal, other Missouri school districts or agencies may join Independence School District and be permitted to benefit from this RFP and the fees established hereunder.

3.1. Bid Terms and Conditions:
   3.1.1. Each bid will be made part of the public record of the District. Therefore, it is necessary that any and all information presented is accurate. If there is a discrepancy between the unit price and extended total, the price most advantageous to the district will prevail.
   3.1.2. Compliance with 2.1.2 as listed above is imperative and necessary. 100% of items purchased must comply with stipulation that “over 51% of the final processed product consists of agricultural commodities that were grown domestically.” For items not
meeting this compliance, the product must be noted as such. Two situations may warrant a waiver to permit purchases of foreign food products:

3.1.2.1. The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality, and

3.1.2.2. Competitive bids reveal the costs of a U.S. product to be significantly higher than the foreign product.

3.1.3. The estimated product quantities are intended only as a useful guide, and do not imply guarantee on the part of the district to purchase stated quantity as a minimum or a maximum.

3.1.4. When brand or trade names are used in the bid invitation, it is for the purpose of item identification and to establish standards for quality, style and features. Bids on equivalent items of the same quality, style and features are invited unless items are marked “no substitute.” Equivalent bids must be accompanied by Nutrition Facts literature and/or specifications to receive consideration. Samples may be required, and shall be supplied at no charge to the school district.

3.1.5. Market basket instructions:

3.1.5.1. For each item listed, the bidder shall provide:

3.1.5.1.1. Brand name and UPD/MFG number of label or product.

3.1.5.1.2. Pack size

3.1.5.1.3. District price per case

3.1.5.1.4. Copies of invoices to support the market basket pricing

3.1.5.1.5. Indication if the item is primarily processed using US goods in a US-based facility.

3.1.5.1.6. Utilize the week of April 23, 2017 for the basis for the formula of pricing.

3.1.6. Evaluation of the bid:

3.1.6.1. To be considered as a bidder, all items in the market basket must be bid.

3.1.6.2. No more than 10% of the items bid shall vary from the specifications.

3.1.6.3. Bid specifications must be completed by the bidder. Variance in case quantities and weights must be specified in the bid document.

3.1.6.4. The district reserves the right to test samples of items listed in the specifications at the bidder’s expense to verify the stated quality and adherence to the specifications.

3.2. Proposal Evaluation Categories And Weights:

3.2.1. Bidders are cautioned that proposals will be accepted and evaluated as submitted.

3.2.2. Proposals shall only be considered from firms that have been engaged in successfully providing similar services to those described in this Request for Proposal. The Prime Vendor must be able to produce evidence that they have established a satisfactory record of agreement negotiations; inventory management, storage and distribution experience; and performed for a reasonable period of time; and have sufficient financial
support, equipment and organization to ensure they can satisfactorily deliver the services if awarded and Agreement. The term “equipment and organization” as used herein shall be construed to mean a fully equipped and well established company in line with the best business practices in the industry and as determined by the District. The evaluation process is designed to award the procurement not to the Prime Vendor of least cost, but to the Prime Vendor with the best combination of attributes based upon the evaluation criteria.

3.2.3. Category 1: Experience & Qualifications, total of 20 points:
   3.2.3.1. Distributor Experience/Qualifications: 10 points;
   3.2.3.2. Facilities/equipment/service reliability: 10 points.

3.2.4. Category 2: Technical Proposal, total of 20 points:
   3.2.4.1. Product line/stocking requirements: 10 points
   3.2.4.2. Stock of commodity products: 5 points
   3.2.4.3. Ancillary Services (technical assistance, dieticians on staff): 5 points

3.2.5. Category 3: Fee Proposal, total of 60 points:
   3.2.5.1. No more than 10% of items can vary from specifications.

Scores will be compiled based on schools evaluation of proposals and points will be awarded to all proposers on a sliding scale. Example:

Distributor A wins the bid and is given 65 points.

Distributor B is 2nd and 3% higher than Distributor A. They are awarded 97% of 65 points or 63.05 points.

Distributor C is 6% higher than Distributor A and is given 94% of 65 points or 61.1 points

The same concept is used for the other categories as each will be scored based on a determination of the evaluating committee.

Upon completion of evaluation of proposals, the winning bid will be awarded. Upon award agreement, the other submitting distributors will be notified. The award bid will be open for review upon request.

The contractor will be given at least 3 days advance notice in order to prepare the documents for review. This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 7 CFR Part 3017, Section 3017.510, Participants’ responsibilities. The regulations were published as Part IV of the January 30, 1989 Federal Register (pages 4722-4733). Copies of the regulations may be obtained by contacting the Department of Agriculture agency offering the proposed covered transaction.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(b) have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this form, the prospective primary participant is providing the certification set out on the reverse side in accordance with these instructions.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out on this form. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to whom this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this form that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
