

Based on the last page of your RFP it appears you are adding Middle Schools and High Schools to the list of schools you would like pizza next year. Do you have any info as to how often you would want service in those secondary schools and any estimated pizza quantities?

We would like to implement service at each site on a weekly basis. Secondary schools with their estimated servings:

Truman High School- 700

William Chrisman- 700

Van Horn- 600

Bingham- 450

Bridger- 500

Nowlin- 500

Pioneer Ridge- 450
