2. Requested Items
   2.1. Type of items requested:
      2.1.1. A resulting agreement is intended to cover items in the following categories: Self-Operating Pizza Kit system for use in the day-to-day operations of the District’s Nutrition Services program.
      2.1.2. Buy American- All commodities and products must be of domestic origin to the maximum extent practicable, as required by 7CFR Part 210.21 (d).

      "Domestic commodity or product" means an agricultural commodity that is produced in the United States and a food product that is processed in the United States substantially using agricultural commodities that are produced in the United States. (Substantially means over 51% from American products. Therefore, over 51% of the final processed product, by weight or volume, must consist of agricultural
commodities that were grown domestically. Thus, for foods that are unprocessed, agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural food components that are comprised of over 51% domestically grown items, by weight or volume.)

**Limited Exceptions:**
Exceptions to the Buy American provision are very limited; however, an alternative or exception may be approved upon request. To be considered for the alternative or exception, the request must be submitted in writing, by the vendor, for prior approval by the district, in advance of delivery. Exceptions include:

1. The product is not produced or manufactured in the U.S in sufficient and reasonable available quantities of a satisfactory quality; or
2. Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

Limited exceptions to the Buy American Provision allow for the purchase of products not meeting the “domestic” standard. Before utilizing an exception, alternatives must be considered:

1. Are there other domestic sources for this product?
2. Is there a domestic product that could be easily substituted, if the non-domestic product is less expensive?
3. Am I soliciting bids for this product at the best time of year? If I contracted earlier or later in the season, would prices and/or availability change?

To be considered for the alternative or exception, the request must be submitted in writing to a designated official, in advance of delivery. The request must include the:

1. Alternative substitute(s) that are domestic and meet the required specifications:
   a. Price of the domestic food alternative substitute(s); and
   b. Availability of the domestic alternative substitute(s) in relation to the quantity ordered.
2. Reason for exception: limited/lack of availability or price (include price):
   a. Price of the domestic food product; and
   b. Price of the non-domestic product that meets the required specification of the domestic product.

**2.2. Locations:**
2.2.1. Building location list is provided in Appendix C

**2.3. Description of items requested:**
2.3.1. Requirement and Response section is provided in Appendix D. Please detail out all points of purchase: pans, utensils, ovens, food product provided/purchased, etc. Add a separate sheet if necessary.
2.3.2. Items and their specifications are listed for comparison purposes only. Pre-approved “like” substitutes are acceptable for all items.
2.4. **Project Schedule**

The timeline listed below is the District’s estimation of time required to complete the process. All efforts shall be made to abide by the schedule, however, it is subject to change if necessary. More detailed arrangements will be made with the winning bidder.

- **2.4.1. Vendor selection date:** June 11, 2019
- **2.4.2. Vendor notification to proceed date:** June 12, 2019
- **2.4.3. Contract start, or implementation, date:** July 1, 2019

3. **Scope of Services**

The District operates 30 school-oriented production sites which provide breakfast and lunch to approximately 14,500 students each day. Our schools are open from mid-August through the last week of May. Additionally, a summer school program is offered during June and July each year that services approximately 5,100 students. There may be 1 production site that is not school-oriented. This location is currently being negotiated. This system is to be implemented in the District’s High Schools and Middle Schools only. First semester of year one will see the implementation of the High School locations. Second semester of year one will see the implementation of the Middle School locations. For the term of the Agreement and extensions permitted pursuant to this Request for Proposal, other Missouri school districts or agencies may join Independence School District and be permitted to benefit from this RFP and the fees established hereunder.

3.1. **Bid Terms and Conditions:**

- **3.1.1.** Each bid will be made part of the public record of the District. Therefore, it is necessary that any and all information presented is accurate. If there is a discrepancy between the unit price and extended total, the price most advantageous to the district will prevail.
- **3.1.2.** Compliance with 2.1.2 as listed above is imperative and necessary. 100% of items purchased must comply with stipulation that “over 51% of the final processed product consists of agricultural commodities that were grown domestically.” For items not meeting this compliance, the product must be noted as such. Two situations may warrant a waiver to permit purchases of foreign food products:
  - **3.1.2.1.** The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality, and
  - **3.1.2.2.** Competitive bids reveal the costs of a U.S. product to be significantly higher than the foreign product.
- **3.1.3. Appendix D- Product Bid Sheet section instructions:**

  - **3.1.4.3.** District reserves the right to request product demonstrations where and when appropriate.

If non-compliance issues are found in the first twenty five items, the district reserves the right to seek audits on another twenty five items. If no further issues arise in the second round of audits, the audit will end. If non-compliances are discovered in the second round of audits, the district reserves the right to audit another twenty five items. This practice will continue until twenty five items, within a round of auditing, are found to be in total and complete compliance.

Contractor performance will be monitored, as required by 7 CFR 3016.36(b) (2) to monitor contractor performance to ensure compliance with all contractual requirements, including the Buy American provision. The district will monitor any chronic deterioration in the order delivery schedule and act upon the problem. The district will exercise reasonable judgment when placing small orders and will make every attempt to place correct orders each time.

3.3.17. The district defines a “proprietary item” as an item the district expects the supplier to purchase and stock. A “special order item” is an item requested for a one time purchase. The supplier will purchase the special order product and ship with the next scheduled delivery. Whenever possible the district will use a product already stocked by the supplier, but reserves the right to request the supplier add proprietary items to stock. The supplier agrees to do so at the discretion of the district. The district will notify the supplier 3 weeks in advance of the need for a new proprietary or special order item, with quantities needed and monthly usage if applicable. Debarment Form

U.S. DEPARTMENT OF AGRICULTURE

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 7 CFR, Part 3017, Section 3017.510, Participants' responsibilities. The regulations were published as Part IV of the January 30, 1982 Federal Register (pages 4722-4733). Copies of the regulations may be obtained by contacting the Department of Agriculture agency offering the proposed covered transaction.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(b) have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**Instructions for Certification**

1. By signing and submitting this form, the prospective primary participant is providing the certification set out on the reverse side in accordance with these instructions.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out on this form. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to whom this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this form that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
