Van Horn High School

Mission Statement

At Van Horn High School we build positive relationships, achieve high academic standards, and develop literacy in order to engage the world.

Van Horn-School Song

*Proudly as a falcon wings his flight on high,
Let our song be swelling upward to the sky,
Sing we of our praises of the school most dear,
We will spread the glory of Van Horn far and near.
You have set dear Van Horn a challenge for us all,
A height to strive and reach for rising ne'er to fall,
Let our hearts be true to the red and gray,
Our loyalty to thee we will show each day.*

MESSAGE FROM THE HEAD PRINCIPAL

Van Horn Students,

I'm excited to welcome you back for the 2017-2018 school year. The Van Horn Staff strives to provide you with relevant and meaningful experiences to prepare you for life outside of Van Horn. As we prepare you for the next stages of life, please keep in mind that **every day is an interview** for the job you eventually want to have after high school. The positive habits you develop now, will greatly impact your preparation in and out of school.

Knowing **every day is an interview** for the job you eventually want, let's focus on three items:

1. Attendance - Attendance has a direct correlation to academic and graduation success. It is important for you to attend school daily to provide yourself with the best opportunities to succeed in school and with your future endeavors.
2. Graduating - Whether you are just starting out as a Freshman or starting your Senior year, all students can achieve the goal of graduating from Van Horn. The Van Horn Teachers and Staff are committed to helping you in this endeavor because we realize the positive impact this will have on the rest of your life. Approach your classes with a solid work ethic and be an active participant in each lesson.
3. Respect - Everyone is expected to respect each individual at this school. It does not matter what role an individual carries in this school (student, secretary, custodian, admin, teacher, etc.), each member of this team is valuable and deserves to be respected. We truly are members of the same team, and we can accomplish more together than we can as individuals.

Thank you for your cooperation as we work together to make this year successful for everyone involved. The faculty and staff at Van Horn are excited and committed to providing you with a quality education.

Fly to the Sky Falcons,

Mr. Maglinger

Independence School District High School Philosophy

- o We believe students must have effective skills to create success in the world of work or to pursue additional academic studies. They must also have skills to become lifelong learners and to grow as self-disciplined, well-rounded individuals.
- o To this end, we strive to develop an educational community that provides support for all students in their efforts to learn. We promote meaningful, student-centered, multicultural activities in an appropriate schedule and setting.
- o Education is more than acquired knowledge. Our emphasis is on rigorous performance-based standards. We encourage academic exploration and foster an environment where there is freedom to examine divergent points of view. We seek to create learning programs in which school, parents, and community can work together as a team to develop effective growth opportunities for students.
- o We believe students and parents have many responsibilities in the educational program. Parents must encourage their students to give their best efforts to daily school responsibilities and to participate in school activities. Students must come to school with an open mind, be equipped with all necessary materials, be ready to cooperate and be willing to learn.
- o We seek to broaden the students' concepts of democratic fundamentals by providing opportunities through classroom practices and interaction with peers, staff, and community.

National Honor Society

The National Honor Society (NHS) is the nation's premier organization established to recognize outstanding high school students. More than just an honor roll, NHS serves to recognize those students who have demonstrated excellence in the areas of scholarship, service, leadership, and character. These characteristics have been associated with membership in the organization since its beginning in 1921.

At Van Horn High School, juniors will have the opportunity to apply for membership after first semester. The

juniors that meet the qualifications will be notified and given an application to complete. Applications are then reviewed by the selection committee and members are notified.

Qualifications for selection:

3.5 GPA cumulative after the completion of the 5th semester

No ISS or OSS infractions

Be involved in at least 3 activities (2 must be school related)

Demonstrate community service through logging hours

Complete essay to demonstrate leadership

Complete application to demonstrate meeting all qualifications

Students who accept membership and are inducted into the chapter should be aware of the time and commitment involved with this honor. For example, there will be chapter meetings. The chapter bylaws articulate the yearly meeting schedule and member attendance obligations. Members also must participate in chapter and individual service projects to benefit the school and community. Contact the chapter advisor, Ms. Dora Fonseca to obtain a full list of the obligations of membership for the school's chapter.

General Nutrition/Allergy Information

Please notify the office & school nurse if your child is allergic to peanut butter or milk. We strongly discourage students from bringing soft drinks and/or candy in lunches brought from home.

Breakfast

Breakfast is served in the cafeteria from opening of school until the first warning bell.

Lunch

Lunch is served in four shifts, will be part of 5th/6th block on Monday, Tuesday, Wednesday and Friday. On Thursdays, lunch will be part of 6th block. Your lunch shift is determined by the teacher you have during the lunch period.

Students are required to only use the lunchtime assigned to their class. Students should report directly to the cafeteria for their lunch shift, and remain in the cafeteria area until dismissed. Students are not allowed to leave the school building without permission from an administrator. During lunch, students should use the restrooms near the cafeteria.

Students who leave the building for lunch, refuse to go to the cafeteria or are found in other parts of the building during lunch may be assigned consequences as needed. Students should not stay in the cafeteria more than their assigned lunch periods. Being in cafeteria during designated class time is truancy and will be dealt with under school policy.

Faculty and staff may move to the front of the line in the cafeteria in order for them to have sufficient time to perform all required duties.

Vending Machines

Beverage and snack machines are a privilege provided throughout the school day. Students should only use the vending machines during passing periods along with before and after school. A student must have a pass from a faculty member to use the machines during class time.

The Two Core Rules

In high school in the Independence School District, we operate from two simple school rules:

- Everyone will learn, and
- Everyone will respect everyone.

All policies and procedures concerning conduct by individuals within this learning community are based on one or both of these concepts.

Independence School District Board of Education policy covers more specific potential violations of these two rules. A copy of these policies and Policy can be found on the school website under Student Information and at the back of this handbook. All students and parents/guardians should make themselves aware of these policies.

Academic Policies

General Principles of High School

- 1) Accept responsibility for your education, your decisions and your actions.
- 2) Be a positive role model and proudly represent your school, parents, community and self.
- 3) Choose to be involved in your school and community.
- 4) Maintain a healthy balance between academics and activities, giving your best to each.
- 5) Support your fellow students and their activities.
- 6) Respect diversity, individuality and the choices and rights of others in the school.

Being a Proactive Learner

The learning opportunities and life lessons that occur in the classrooms of our school are vital to your education. Learning is the most important activity—it is why we are all here. The staff will insist that your behavior reflect the importance of learning.

On a daily basis, you will be expected to:

- arrive to class on time;
- be prepared for class with all necessary materials for the day;
- be attentive and focused on the task at hand for the entire class period;
- demonstrate care and consideration for school property as well as the property of others;
- show respect and consideration for others at all times.

These are guiding principles for behavior in classrooms if you are to be productive. Each teacher may establish rules and procedures more specific to his or her classroom. You are expected to follow those rules as well. Classroom rules are established by each teacher and made known to students. These rules are considered to be necessary for the safe and orderly conduct of the classroom and learning activities. Classroom guidelines are to be

respected at all times.

High school is an academic institution and it takes a team effort for students to succeed. It is the responsibility of the teacher to lead in the educational process. The parents' responsibilities include support and encouragement. The student is responsible for the work and being aware of their grade on a consistent basis.

Course Syllabus

Each teacher will provide students with a course syllabus during the first week of class. The syllabus will cover the academic objectives, classroom guidelines, general course outline of lessons and assignments, grading and late work policies, and a list of resources needed.

Incomplete/Late Work Philosophy

Students are required to complete all work on the date assigned. Students who miss the deadline due to an excused absence will have one day to make up the assignment for each day of absence. Work turned in late will be subject to the late work policy in each teacher's syllabus. Students on Out of School Suspension will be afforded the opportunity to make up course work.

Quarter Progress Reports and Semester Grades

Specific quarter dates are listed on the school website and the calendar at the beginning of this handbook. Parents and students may check student grades online at any time. Students and parents can contact our main office for log-on information. Parents may contact their student's teachers at any time to ask questions regarding grades. Teachers will update grade books regularly and within one week of the due date for any assignment.

The final *semester grade* is the cumulative points a student earned throughout the entire semester. Quarter reports are simply progress reports. Semester grades are not the average of the quarter grades. The only grades that appear on transcripts are semester grades.

GRADUATION INFORMATION

The Board of Education recommends students attend eight semesters of high school in the regular four-year course of study in grade nine and above. During these eight semesters, the following criteria are part of Board Policy:

- Satisfactory completion of recommended units of credit is required for graduation by the Board of Education.
- Students who have completed all graduation requirements, including financial and disciplinary obligations, are eligible to receive a diploma during the spring graduation ceremony of that year.
- The attendance requirement may be reduced for pupils who cannot attend due to illness.
- Part of the minimum requirement may be earned by these students through correspondence, through approved homebound study, or other administration-approved alternative methods.
- Students who earn two units of credit in summer school attendance may substitute it for one-half year of the four-year attendance requirement.

A student desiring to graduate after seven (7) semesters of attendance must have approval of the Board of Education. Students must submit their request in writing by November 1st. **Students should be advised that omission of the eighth semester will affect their class rank and cause them to forfeit participation in activities regulated by the Missouri State High School Activities Association under the eligibility requirements.**

Additional considerations concerning graduation involving summer school, correspondence credit, transfer students, and other issues may be discussed with a counselor and be approved by the principal or his/her designee.

Library Media Center (LMC)

Student Use of the Library Media Center

All students must have passes from their teacher to enter the LMC during school hours. Passes must be dated and signed by a teacher, with the reason for being in the LMC clearly indicated.

Internet resources are available to students of the Independence School District. The Independence School District believes Internet access offers vast, diverse and unique educational resources. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, communication, innovation and publishing by students. All students must follow the Acceptable Use Guidelines when accessing the internet as outlined in board policy.

Plagiarism/Academic Dishonesty Policy

Students need to be aware of the legal and ethical consequences of plagiarism and/or academic dishonesty. Intentional or not, it is never acceptable to use someone else's words without giving him or her credit. In order to be successful in school, students need to know how to avoid plagiarism. It is defined as "the use of another person's writing or ideas without giving that person credit by means of quotation marks and/or footnotes. All source material, whether presented through summary, paraphrase, or précis, must have adequate footnote citation" (UMKC – HSCP English Handbook, 2006)

In individual classrooms, teachers will discuss academic honesty and will instruct students as to proper methods of documentation to avoid plagiarism. It then becomes, and is, the student's responsibility to credit his or her sources properly. Failure to do so may result in a failing grade for the assignment and, in serious instances, may result in a failing grade for the course. Parents will be informed of any instances of plagiarism as well as the consequences decided upon by the classroom teacher and administration.

Technology: Acceptable Use Policy

Students in the Independence School District will be provided access to technology in classrooms, Library Media Centers, and labs for educational purposes. Students must follow the established guidelines for acceptable use of technology in order to maintain the privilege of access to technology.

The following acceptable use guidelines have been established for all Middle School/High School students in the Independence School District

Equipment use – Students will be expected to follow all directions given concerning the appropriate use of technology. The equipment must be used carefully to ensure that it continues to function properly. Any student guilty of abusing the equipment or taking any action that would alter the proper functioning of the equipment will be disciplined and charged with the cost of repairing or replacing the equipment.

Internet use – While using a school-issued device, students will be given access to the internet and will be expected to access sites that are appropriate for the educational assignment given. Students who access or attempt to access pornography or other sites not related to an educational assignment will be disciplined and denied internet access for a specified period of time. Any image that would not be allowed in school on a tee shirt will be considered inappropriate. Students using computers in the Library Media Center or Computer Labs without the direct supervision of a teacher may need to meet additional requirements. Students will need to ask the Library Media Specialist in his/her building to find out.

Security – All students will be given a username and password to use to log in to computers. Passwords must be kept confidential at all times. Network equipment will allow for the tracking of all computer activity by username

and password. Therefore, students are not allowed to log in using another person's username and password. A student who uses another person's username and password or allows someone to use his/her username and password will be disciplined and denied computer access for a specified period of time.

File Sharing – Copyright laws protect various forms of software, music, and video files. Students are not allowed to download software, music, or video files at school, unless appropriate fees have been paid and the downloading process is supervised by a teacher or administrator. Files not protected by copyright laws may be shared provided it is for educational purposes and does not contain inappropriate material. Students will not be allowed to install any software unless operating out of a technology class and under the supervision of a teacher. Any student guilty of downloading or sharing copyright protected files or attempting to download or share such files or install software will be disciplined and denied access to computers for a specified period of time.

Consequences of misuse – Students guilty of misusing the technologies provided by the district will be disciplined according to the nature and severity of the misuse. Consequences will be similar to the consequences with other rules violations and may include being denied access to technology. Inappropriate use of the network or an inappropriate request to remove a filter will automatically result in a student account shut down for 30 days. The use of proxy servers or any other means of bypassing the district firewall is not allowed and will result in disciplinary action.

Signature of acceptance – Signatures on the student data sheet signify that both parents and students understand the guidelines and consequences of the Technology Acceptable Use Policy and agree to follow them. Questions concerning this policy should be directed toward the Director of Technology for the Independence School District.

Textbooks

Textbooks will be supplied by the school district for all secondary school students. Books will be checked out to students using student IDs and a bar code. Students are responsible for all textbooks assigned and for returning the specific book(s), in good condition, at the end of the term. Books damaged or not returned will be assessed at the appropriate cost. Turning in a different book does not relieve the student of the obligation for the book(s) assigned. Any damage beyond normal wear will be assessed to either replace or repair the book. Textbook prices are on file in the main office.

No student is to be penalized if a book is lost because of factors beyond his/her control. All students will be made aware that if such losses are reported immediately, and if the administration agrees that the loss was beyond the student's control, fines will be canceled.

A+ Schools Program

District High Schools are proud participants of the Missouri A+ School Program. We are a designated school and graduates are eligible for the A+ Designation, which qualifies them to receive A+ monies from the state to be used for tuition to any public community college or vocational technical school in Missouri.

A+ Designation Requirements

The A+ Designation will be awarded to students who meet the following eligibility requirements:

- Be a U.S. citizen, permanent resident, or lawfully present in the U.S.
- Attend a designated A+ high school(s) for three (3) consecutive years (grades 10,11,12) immediately prior to high school graduation.
- Graduate from a designated A+ high school with an un-weighted cumulative GPA of 2.5 or higher on a 4.0 scale.

- Graduate with a minimum cumulative 95% ADA (Average Daily Attendance) record over a four year period.
- Students must score proficient or advanced on the Algebra I End of Course Exam.
- Perform and document fifty (50) hours of unpaid district tutoring or mentoring, coordinated through the A+ office. Up to 25% of those hours (12.5 hours) may be documented job shadowing.
- Maintain a record of good citizenship and avoid the unlawful use of drugs and alcohol.
- Apply for non-payback scholarships by completing a FAFSA (free application for federal student aid).

To receive additional information about the A+ Program, contact your building A+ Coordinator.

Saturday School

Saturday Schools occur on Saturdays scheduled by the administrative team. Students must register online thru the school webpage. Teachers and administrators may also “assign” students Saturday Schools for reasons ranging from attendance issues to making up missed work. Please watch for dates each semester regarding Saturday School opportunities. Students must have their ID in order to attend Saturday School.

Withdrawing from School

Prior to leaving school, a student should schedule a conference with his/her counselor. All textbooks and monies due must be cleared before the student’s records will be signed and available for forwarding to another school.

Schedule Changes

Requests for schedule changes must be made during the first 10 days of the semester. Schedules are made through the enrollment process each spring. Classes have been scheduled to maintain class balances and staffed appropriately. No course changes or teacher switching will be made unless there is a legitimate reason. Changes can only be made at the beginning of each semester. Schedule changes will be made for the following reasons:

- 1) to meet graduation requirements;
- 2) to correct scheduling errors;
- 3) to meet class prerequisites as outlined in the program of studies.

Student-initiated or disciplinary drops from a class beyond the 20th class day of the semester may result in a failing grade for the semester. Underclassmen cannot have a partial schedule.

Student Services/Code of Conduct

This section of the handbook covers the various services available to assist students throughout their high school experience along with the expected conduct of successful students.

School Counselors

Counselors are available to help students with educational, vocational and personal decisions. In an effort to provide students with the best possible educational experience the counseling services will primarily include, but not be limited to, the following:

- supporting and encouraging students to set goals and make commitments;
- helping students work through obstacles and issues;
- providing information, resources, referrals, and expertise to facilitate educational/vocational planning and family/social planning;
- administering and interpreting standardized tests;

- assisting in special fields such as career development and special education transition services;
- helping students to understand themselves in relation to their environment.

To meet with a counselor, students should make appointments in the counselor center. If it is an issue that does not need to be addressed in person, students should email their counselor.

Family/School Liaison

The Family/School Liaison, is here to assist and support families in setting and attaining goals toward becoming self-sufficient, nurturing and stable families, by providing comprehensive, strength-based services within the community.

This individual will be here to:

- develop services that are inclusive of family diversity and based in a strengths-perspective model;
- carry out activities designated to implement family involvement and support for educational goals;
- act as a liaison among school district programs, community agencies, teachers, and neighborhood families;
- develop referral systems and procedures among families, staff, and community agencies to facilitate delivery of services;
- inform school staff of changes in family situations that might reflect on child behavior or attendance;
- provide advocacy for social services that are unavailable to families by acting as a catalyst to facilitate community action and by partnering with families to become advocates for their children.

School Resource Officer

The School Resource Officer is an on-duty Independence Police Department officer on staff for the high school. The School Resource Officer has three basic roles in our school:

- 1) Law enforcement Officer: Handling Statute Violations.
- 2) Counselor: Informal counseling of students, working closely with the school's counseling staff and administration.
- 3) Teacher: Provide law related education to students in the role of a guest speaker.

Transportation

Student transportation is provided by the school district for students living more than one mile from the school. Bus passes are distributed through the office. Replacement bus passes are handled by the attendance office. One day bus passes are monitored and restricted - established protocols must be followed. For more information on one day passes please contact the front office.

Every student must have a bus pass to ride. Passengers are under the supervision of a driver. Video surveillance is provided. If students misbehave, they may receive a warning, suspension from the bus, or disciplinary action at the building level. The suspension can be up to a semester in length. Parent conferences may also be required. Questions about bus transportation may be directed to the district transportation office at 521-5335.

Lockers

Lockers, property of the school, are assigned by the office. They are loaned as a personal convenience and school officials have the right to inspect lockers with or without permission of the person(s) currently using the lockers. We discourage any locker sharing with any other students who have not been assigned to the locker, or releasing your locker combination to anyone else.

Items in your locker are considered to be in your possession. Students should keep items not appropriate for class in their lockers all day (for example: skateboards, sporting equipment, helmets, hats, etc.). We discourage students from bringing expensive items, such as jewelry or electronic equipment. The school assumes no responsibility for lost or stolen items.

Lockers should be kept locked. If your locker breaks or jams, you need to report to your PE teacher (if gym locker) or to the office immediately. Please do not report to the custodian. Personal items should be removed from lockers no later than the last day of school.

Health Clinic

A school clinic/nurse's office is available for student use from 7:00 a.m. until 2:30 p.m. Students must have an appropriate pass or medicine card and student I.D. to enter the clinic.

The main functions of the school clinic program are to maintain health records, store and administer medication and temporarily render first aid in cases of accident or sudden illness. All accident cases must be reported to the main office. If it appears an illness is serious, parents will be notified. It is very important that parents yearly provide the health clinic and office with emergency telephone numbers and current work numbers. Parents should contact the nurse if their student has a chronic health condition or disability that may require nursing care or supervision during the school day.

Students should remain at home if they have symptoms of illness, such as sore throat, headache and/or upset stomach, diarrhea, fever, rash, severe coughing, swollen glands, earache, sores on the skin, etc. Students must be free of fever and kept home for 24 hours after the fever breaks. This prevents spread of disease to others at school. Parents are to call the nurse to report absences due to illness or when a child is diagnosed with a communicable disease. Children will be excluded from school when the following are present:

- * Temperature of 100 degrees or higher
- * Vomiting and/or diarrhea
- * Suspicion of a contagious disease
- * Accident requiring medical attention
- * Medical concerns that require medical attention
- * Rash, undiagnosed
- * Unvaccinated

In any event, students may not leave school without office permission. The nurse must release a student through contact with the parent. Any student leaving school for a health reason and not checking out through the clinic will not be considered excused.

Students should never clean up any other student's body fluid. Students should notify the office if there is a need for something to be cleaned up.

Medication at School

All medication to be taken by or administered to a student while at school will be delivered to our nurse by a parent, guardian or designated adult and a medication consent form must be completed and signed.

Medication will be in a current pharmacy labeled container with: student's name, date, doctor's name, medication name, quantity, frequency, dosage and route of administration. All over-the-counter medication must be in the original container and accompanied by a doctor's written order containing all of the above information.

Only medication approved by the FDA will be given to students with parent and doctor consent. Doses must be within the accepted ranges found in the medical pharmaceutical reference books. Medication trained personnel can refuse to give medication based on review of the Physician's Desk Reference, consulting with a supervising nurse, physician, pharmacist or if any of the above listed information is not provided.

All medication will be stored in the school clinic. **No medication of any kind may be carried by a student at school, on school transportation or at school sponsored activities.** Students found with over-the-counter medication or prescription drugs will face consequences up to, and including, out-of-school suspension under school district guidelines. Under no circumstances can a student or faculty member give any form of medication to another student unless there are life threatening circumstances and the student is under supervision of a parent or health care professional.

Independence School District High School Code of Conduct

The ultimate goals in education are to prepare you to be a life-long learner and a responsible citizen. The ability for an individual to accept consequences for his/her actions and to focus on educational goals is critical to success. As young adult citizens of this school and community, your actions and behavior are subject to referral to the police under local and state Policy.

Conduct Violating Acceptable Behavior Expectations and Board Policy

Although the full Board of Education discipline policy appears at the back of this handbook, below are key topics all students should review. The list of unacceptable conduct below will be grounds for disciplinary action including, but not limited to: conference with parents or guardian, detention, in-school suspension, or other action at the discretion of the principal to suspension by the principal, Superintendent of Schools, or Board of Education, and/or expulsion by the Board of Education.

Following is a partial, but not all inclusive, list of rules which may lead to suspension or to expulsion.

- **Violations of the Policies of the Board of Education and written school rules:** Written school rules as distributed in handbooks, letters, and or materials by, or under the direction of, the principal.

Potential Consequences

Violation of the guidelines and expectations of our school will be addressed by the administration with potential consequences. Specific consequences will be determined on the basis of the offense. The selection of the consequence is at the discretion of the administration.

- 1) **Tuesday School:** 60 minute detentions are served with either a teacher or in the Detention Classroom. Detentions will begin promptly at 2:30 and last until 3:30. Students must bring course-work to complete or have a book to read. Arriving to detention late, not having or refusing to complete course work/book, or failure to serve a detention will lead to the assignment of an Extended Detention.

- 2) **Friday School:** Extended Detention lasts from 2:30-4:30 and is held in the Cafeteria. Students must bring course-work to complete or have a book to read. Arriving to Friday School or not having course-work / book will result in needing to serve the detention at another time. Failure to serve Friday School will lead to the assignment of Out of School Suspension along with loss of extra-curricular privileges for two weeks.

- 3) **In-School Suspension (ISS):** The length of an ISS assignment may vary. If you are given ISS, you must report to the ISS Room no later than 7:20 A.M. and remain there until the end of the day, either 1:50 or 2:23 P.M. Students in ISS will not participate in assemblies or other school activities. The only activity permitted during this time is silent study. The following guidelines will be followed in the ISS room:
 - Students will be allowed to leave the room only during specified restroom breaks and lunch;
 - Students should contact teachers prior to ISS and bring coursework
 - Students will be expected to turn in their personal technology devices to the ISS teacher. The ISS teacher will secure these items and return them to the student at the end of the day.
 - In order to prevent future ISS consequences, students will be given additional ISS assignments tailored to their violation. These assignments will be issued on the first day of ISS and must be completed prior to

their release. If the student does not complete the assigned work, he/she must stay in ISS.

- Failure to comply with any of these expectations will result in an out-of-school suspension for the remaining ISS assignment. Students are not allowed to participate in any athletic or extracurricular practice, rehearsal or performance on the days assigned to ISS.

- 4) **Out-of-School Suspension (OSS):** The length of a short term OSS assignment may vary from one to ten school days. *If you are assigned OSS you may not be on campus or attend any school function on or off campus for any reason.* If a student is assigned OSS, the student or family may request student work. Any student work will be sent to the attendance office to be picked up by a representative (student may not return to campus during the suspension). Course work done during OSS is due upon the student's return.
- 5) **Long-Term Suspension (LTS):** Long-term suspension lasts from a minimum of 11 days up to 180 school days. Referrals for LTS are made by the building administration to the superintendent of schools. A hearing will be held with a hearing officer to determine whether or not a long-term suspension will be assigned and, if so, for how long the suspension will last. Students on long-term suspension are prohibited from being present on school grounds and participating in any school activities, on or off campus, for any reason.
- 6) **Expulsion:** Expulsion prohibits any further attendance of a student in the schools of the District or at District activities. The Board of Education may expel a student for any of the reasons set forth in Policy 2663, for conduct which is prejudicial to good order and discipline in the schools or which tends to impair the morale or good conduct of the pupils.
 - a) The principal shall request an expulsion of a student in writing to the Superintendent of Schools or his designee.
 - b) The Superintendent, or his designee, shall hold an administrative hearing on the request for an expulsion of a student in accordance with the procedures outlined under Policy 2663 of the Policies of the Board of Education.
 - c) Following the administrative hearing, should the Superintendent concur with the principal's recommendation for expulsion, all facts, evidence, statements, and administrative recommendations shall be forwarded in writing to the Board of Education for a formal hearing as outlined in Section 167.161, RSMo.

Student searches permitted

Administrators have the right to search students, lockers, vehicles and student possessions when cause or suspicion can be shown for such a search. Lockers are the property of the school district and may be searched without notice. Any time a student enters the school and there is reasonable suspicion of any violation of board policy, a safety check will be conducted of the individual to maintain a safe school environment. Any time a student leaves property without permission and returns to school they may be subject to a search based on reasonable suspicion.

In keeping with our district's commitment to provide a drug free and safe environment for our students, unannounced police canine team searches will be made of the school and school property. Items searched might include, but are not limited to: lockers, classrooms, personal items and vehicles on the property.

Threatening/Bullying Behavior

Threats or intimidation toward any person, persons, or toward the school will be considered a violation of appropriate conduct. Students who know about a threat or students being victimized need to inform school authorities as soon as possible. Parents of a student suspected of making a threat will be contacted and expected to provide information to help evaluate the threat. Each case will be investigated with consequences ranging from a

parent conference to suspension by a principal, the superintendent, the Board of Education, and/or expulsion by the Board of Education. Students also should be aware that the state of Missouri offers a hotline to report school violence: MO School Violence Hotline: 1-866-748-7047.

Student ID's

All students are given one free ID which is to be available on demand at all times. Student IDs will be required for entrance into certain school activities including dances. School IDs are required for entrance into the building after school hours. Subsequent IDs may be purchased for a nominal fee.

Dances / Dance Forms

The school hosts several dances throughout the year, both formal and informal. Informal dances are internal only dances, open to only our students. Formal dances such as Homecoming, Courtwarming and Prom are open to guests outside of our school if the guest meets defined criteria, completes proper guest paperwork, and gains approval.

An ID is required for entry into dances. In order to qualify for any dance:

- **Student must have a year to date percentage of 90% or higher**
- **All obligations must be satisfied**
- **All discipline must be served (also see ISS/OSS policies regarding extra-curricular activities)**
- **No guests older than 20 will be permitted to attend. No middle school students are allowed to attend**

Public Displays of Affection

An open display of affection does not contribute positively to our atmosphere, or to the individuals involved. Be respectful of others and recognize that this behavior is distracting and inappropriate for the learning environment. Staff has the right to address this behavior at all times.

Dress Code - Personal Appearance And Grooming

The High School believes that respect for oneself and respect for the greater community of students and staff is reflected in the way one chooses to dress. The way a student chooses to dress should not be distraction or a disruption to the learning environment of others. Therefore, students should wear clothing that is appropriate for school and is not distracting, disrespectful, offensive, or unsafe. The following guidelines have been adopted to help advise students on proper and appropriate attire:

1. Students must be covered adequately. Because revealing clothing can be distracting to the learning process, the following guidelines must be followed when choosing apparel for school:
 - Shirts must have straps of at least 2 inches and completely cover the chest, back, and stomach.
 - Sheer fabrics may be worn only if clothing providing appropriate coverage is worn underneath.
 - Undergarments may not be showing at any time. Clothing must completely cover the student's undergarments both sitting and standing.
 - Pants, jeans, shorts, skirts, and dresses must provide adequate coverage of the student's legs, buttocks, abdomen, lower back, and undergarments both sitting and standing.
 - Pants must be worn around your waist. Because loose pants or shorts that appear in danger of falling off send a sexually inappropriate message and are not acceptable clothing for school.
2. Clothing is considered inappropriate that promote substances or acts that are illegal in a public school, and clothing that makes specific or innuendo references to alcohol, drugs, tobacco, violent behavior or sexual activity is unacceptable. Clothing that depicts discrimination against others based on their race, ethnicity, gender, religion, physical disability, or sexual orientation, and clothing deemed disrespectful of any of these

- groups is unacceptable. This guideline includes all jewelry and accessories worn in school.
3. Hats and headgear are not permitted. In many social settings, it is considered disrespectful to wear a hat indoors; therefore hats are not to be worn or displayed from the moment you enter the building to the conclusion of the school day. Furthermore, hats and headgear make the efficient identification of students difficult for faculty. Hats and headgear include baseball caps, skull caps, hoodies pulled up over the head, bandanas, scarves, and athletic head/sweat bands. Students must contact their administrator to gain permission for head coverings worn for religious or medical purposes.
 4. Soled shoes must be worn at all times. Because a fire or weather emergency could cause unsafe debris on the floor, soled shoes must be worn at all times. Soft-soled house shoes or slippers are considered unsafe, as they would not provide adequate protection for students' feet in an emergency situation.
 5. Sunglasses may not be displayed in any manner. Sunglasses interfere with students' ability to read and make eye contact with other students and staff. Sunglasses also inhibit the ability of the faculty to safely identify students. Sunglasses are not permitted inside the building, unless under a doctor's prescription.
 6. Face paint or overly dramatic make-up may not be worn. Make-up or face paint worn so as to obscure students' features makes it difficult to quickly identify students. Because this could create an unsafe environment, face paint is not permitted, and make-up that obscures student features is also not permitted.
 7. No chains over 12 inches and no spiked bracelets or necklaces are permitted.
 8. No blankets shall be carried or worn as coats or to wrap up in while in the classroom. The temperature in the building is regulated according to the outside temperature and kept at a comfortable setting for the learning environment of the student.

Because we believe our students are capable of dressing appropriately within these guidelines, any faculty member has the right to address dress code violations. Should it become necessary for a student to miss class time in order to correct his or her clothing, the time missed is considered unexcused.

- Violation 1 – Warning and modification required.
- Violation 2 – Provided modification, if possible, and parental contact.
- Violation 3 and beyond – Sent home for appropriate clothing. Not an excused absence.

This dress code is intended to provide students with the high school philosophy regarding student dress. As fashion trends develop, the administration may determine other styles of clothing are not appropriate, and it is they who have the final right to decide what is acceptable attire for school. (See Board of Education Policy 2651).

Hall Passes

Hall passes are necessary for students to be in the halls, library or other general areas when classes are in session. This includes going to the nurse's office, main office, library, another classroom or to the counseling center.

Cell Phones/Personal Technology

The Independence School District believes in promoting professional and positive use of personal technology such as cell phones, tablets, laptops, etc. In order to create such an environment, the following guidelines have been established:

- Cell phones may be used by students prior to 7:20 a.m., during official passing times, during a student's lunch shift and after school. Students who are in detention, extended detention, or ISS may not use their cell phones without permission.
- Students may not have extra time after the tardy bells to complete a phone call, text, etc. Students who are late to class because of cell phone usage will be issued consequences for tardiness and will have their

phones taken.

- Inappropriate or unapproved use of a cell phone will be cause for disciplinary action. Faculty and staff have the right to take and keep cell phones until the end of the school day. Confiscated cell phones can be picked up in the main office after school. Repeated violations of this policy will require that a cell phone be picked up by a parent/guardian.
- The school is not responsible for lost or stolen cell phones, tablets, laptops, or other personal technology devices nor will administrators spend time investigating personal technology theft. A student phone may be used free of cost. All calls made by students on this phone should be brief. Using the student phone does not constitute an excused tardy or absence from class.

Phone Messages

In emergency circumstances, we will deliver a phone message to the student from a parent, guardian, or family member. The person making the call will be asked the nature of the emergency before the message can be delivered. Only the office may deliver the message in order not to interrupt the class. We will not call students to the phone.

Deliveries to Students

Flowers, balloon bouquets, personal telegrams, and/or food or beverages may not be delivered to students at school. These items will not be accepted and will be returned to the delivery agency. We are a latex-free building due to students with severe allergies; therefore, latex balloons are not allowed in the building.

Parents bringing personal items to school for students should take them to the office and students should check for these items between classes. This will help prevent classroom disruptions by intercom. Students will not be called out of class for lunch deliveries and cannot be late to class in order to eat lunch deliveries.

Student Parking Permits

Parking permits are required for parking on school property. The cost of parking permits is \$30.00 for the full year. Permits purchased after 1st semester will be \$15.00. Parking permit information is available in the main office. Permits may be purchased in the main office before the school year begins or after school once the school year resumes.

In order to purchase a parking permit, students must meet the following criteria:

1. Must be a senior or junior with the appropriate number of credits toward graduation (sophomores will be allowed to purchase permits as space allows);
2. No more than 10 excused/unexcused absences from any class;
3. No more than 5 class days missed due to ISS and/or OSS;
4. All disciplinary consequences served by the due date;
5. Possess a valid driver's license; and
6. Have no outstanding obligations.

Student Parking Guidelines

- Any student may lose this privilege, without a refund, if they abuse the rules or use their car to leave school without permission. Permit may be revoked without refund for being late to school, truancy, and behavior issues.
- The owners must insure vehicles parked at school, and the school assumes no responsibility for damage, theft, or other problems with vehicles. When vehicle is parked on school property it is subject to search if there is reasonable suspicion of school policy violations.
- Students should not sell, loan, or give a purchased permit to another student and will face loss of driving

privileges for such an offense.

- Freshmen are not allowed to park cars on school property during the school day.
- Students need to obtain a pass from the office in order to go to their vehicle during the school day.
- No smoking is permitted in the lot, in your car, or on any part of school grounds.

Consequences for violation of parking guidelines:

- First offense (ticket) – Warning or \$30 fine for no parking permit
- Second offense (ticket) - \$30 fine
- Third offense (ticket) – Loss of parking privileges

Attendance Policies

The Independence School District is committed to quality education for every student. We recognize that preparing learners today for college or career readiness requires very competitive skills. In order to meet these learning goals for our students, attendance is extremely important. When a child misses out on instruction at school, even the best options we have to try and catch him/her up do not equal the effectiveness of being in class with peers and highly qualified educators.

We know that when barriers exist preventing a student from regular school attendance and/or participation in class, it is our responsibility to address that situation. The Independence School District will use increasing levels of support as student absences or behaviors that prevent full participation at school increase. It is expected that the home, student, and school work together as a team in this process. Students are expected to come to school and attend each class.

Students who stay home from school are required to have a parent/guardian call the school attendance office by 9:00 a.m. each day you are absent. We encourage medical appointments to be made after school hours whenever possible to reduce the amount of learning time lost.

Parents/guardians of students who did not call the school will be contacted by the District to notify them of the student absence and request absence verification. Students who arrive late or check out early must sign in/out in the office. **Only persons listed on the data sheet or Power School will be permitted to check students out from school. ID's will be checked.**

In order to participate in school activities and after-school events, students must attend at least half of school that day unless otherwise approved by administration. Excessive absences may affect your grades and will be addressed by school administrators, family school liaisons, and/or School Resource Officers.

It is the responsibility of the student to make arrangements with his/her teachers to make up work missed during an excused absence. Students will have one day for each excused absence.

Students who do not meet the above mentioned criteria will be considered to be in noncompliance with these attendance procedures and will be assigned an unexcused absence for time missed.

The Independence School District and Van Horn High School use the following interventions to assist students in making up absences and instructional time:

- Tutoring time

- o Teacher tutoring time usually after school but also before school.
- o Tuesday, Friday School and Saturday School

Attendance and Appeal Hearing Process

Regular attendance is one of the most important factors in determining a student’s academic success. Due to this, students who accumulate an excess of ten days in any class are subject to loss of credit for that class. (Days of student suspension are not counted as days absent for purposes of this policy.) When unusual or extreme circumstances occur, exceptions to this policy will be made only by administrative discretion on an individual basis. Beginning the first day of school, attendance will be closely monitored.

A student shall be allowed no more than eight (8) absences per semester, excused or unexcused. When a student reaches nine (9) absence in any one class each high school will send a letter to the parent informing them the student may be denied credit for that class. The student will be allowed to remain in the class to establish continuity for the next semester, providing the student does not become disruptive. At the time of the 9th absence the student will have the opportunity to work proactively with their assigned administrator to make up missed time prior to the end of the semester.

Examples of absences the will NOT count toward the limit (this list is not all inclusive):

- | | |
|-------------------------------------|--|
| Hospitalization w/ documentation | Death in the Family |
| Doctor appointment w/ documentation | School suspensions |
| Mandatory Court Date | Counselor and office visits |
| College visits | School related activities participant in |
| Religious observance | OSS (less than 5 days per incident) |

Examples of absences that WILL count toward the limit (this list is not all inclusive):

- | | | |
|--|-------------------|----------------------------|
| Oversleeping | Family Vacations | Out of town |
| Missing the bus | No ride to school | Needed at home |
| Personal business | Car trouble | Other ab excused by parent |
| School suspensions (in excess of 5 days per incident) | | |
| Temporary Illness w/ no doctor or hospital documentation | | |

Review teams comprised of assistant principals and counselors will meet 10 days after each semester coming to an end (two times each year) to review previous semester credits to be denied. Credit denial decisions will be determined and mailed home within 2 days of each review team meeting. All appeals must be completed within the first week of school the following semester. Each appeal has 3 possible outcomes::

1. Credit is awarded
2. Credit is denied.
3. Student is placed on probation for the next semester, with credit pending satisfactory attendance during the following semester.

The parent may request a meeting (attended by the parent AND student) with the Review Team to reevaluate the decision. If the Review Team upholds the denial of credit, the parent/student may request an appeal in writing to the building principal.

Proactive Intervention process.

1. Academy team leaders will delegate a representative to run an absence report for each students on the last Wednesday of each month.
2. Each Academy team will set up a meeting with each student during the following Thursday intervention

- period.
3. Parents/guardians of each student will be contacted to inform them of the policy, as well as the attendance status of their student each month.
 4. Students will have daily opportunities to make up hours of absence. The following sessions will be provided in each building and funded through Inspiring Greatness grants
 - before-school and after-school sessions daily
 - i. Location to remain consistent with assigned teacher rotation(s)
 - ii. One session is equal to one single block of class
 5. Saturday School will be provided in one location each Saturday for all ISD students in grades 7-12.
 - Buildings will rotate staffing.
 - 4 hours of student attendance on Saturday is equal to a full day of attendance (in accordance with DESE definition of ADA)

Students facing denial of credit will only do so after declining daily/weekly opportunities to make up their time, as well as frequent notification of their status.

Tardy Policy

Punctuality is important—on a job, for a curfew and in other situations such as school. Students who are tardy to class will be marked in PowerSchool. Students with excessive or persistent issues with being tardy to class will face disciplinary action by the administration.

Late to School Policy

Classes begin at 7:20 A.M. All students arriving late to school must report to the office for a pass. Students arriving after 7:30 a.m. will be referred to an administrator. If the tardy is for a legitimate reason of illness, family emergency, school activities, or excused appointments, it can be excused and parental notification is required.

Unexcused tardies such as car trouble, oversleeping, missing the bus, not picked up by a ride, or locker problems without a pass will be grounds for violation. The first late to school is a warning. Subsequent late to school events will be met with further disciplinary action.

Proper procedures for checking in/out of school

Student should not leave the building or school grounds for any reason without first receiving permission from their parents and signing out at the attendance office. Failure to do this will be considered truancy. To excuse them a parent must call before the student leaves. A parent calling after the fact does not excuse the student from checking out without prior permission. Failure to follow the proper procedures will be considered insubordination and will result in disciplinary action.

Early dismissal will be permitted only after the attendance secretary or principal verifies, by phone or personal contact, the parent’s consent for the student to leave the school. Students bringing notes to school in the morning from a parent should drop the note off before school begins at the attendance office as early as possible so the check-out may be verified by phone before the student needs to leave.

Proof of appointments during school hours will be necessary. Students will need to bring a doctor’s note back to school for the absence to be marked medical.

Students returning to school during the day must go to the office and sign in before going to class.

Student Pre-Excuse Form

Students expecting to miss school for a family event, college visit or other planned activity must fill out a pre-excuse form, obtain proper signatures and permission and file it with the attendance office at least 24 hours in advance of the date(s) the student will be gone. Filling out the form does not automatically mean the absence will be excused, and all absences count against the ten-day attendance policy except medical (with doctor’s note), death in the family or a family emergency as determined by the administration. Two college visits per year will not count against seniors’ attendance, and one will not count against the juniors. Emergency situations (funeral out of town, critical immediate family illness, etc.) will not always require this form, especially if an emergency occurs over the weekend, during the night, etc.

Excused Absences

If a student must miss school due to illness, family emergency, doctor appointment, court date, a funeral, family vacation or other personal reasons, their parent needs to notify the attendance office as soon as possible. A message can be left 24 hours a day by calling the Attendance Line found in the front of this handbook.

Principal retains right to determine truancy

Truancy means being absent for any reason other than those reasons established as being acceptable by a principal. The principal always has the right to determine whether an absence is excused or unexcused. For truancy, discipline is cumulative and progressive.

Students with unexcused absences may not be given the opportunity to earn credit for the work unless there are extenuating circumstances.

Extra-Curricular Activities

*Programs, such as the school newspaper, yearbook, choirs, debate, band, and orchestra, are part of classes students may take for credit. Course descriptions may be found in the district's **Program of Studies**.*

For more information on the following items and much more, please see the district website at www.isdschools.org:

- Program of Studies
- Academies of the ISD
- NCAA Eligibility Requirements
- Graduation Requirements
- Students must be enrolled in at least 7 of 8 classes to be eligible for participation

Athletics

The Independence School District is a member of the Missouri State High School Activities Association, which sponsors and regulates athletic competition among Missouri schools. This association recommends a high standard of good sportsmanship. The following code of courtesy is from the manual of the Missouri State High School Activities Association:

- Sportsmanship is simply being honorable; that is, knowing when to forego an advantage while courageously striving to win.
- The rules of the game are regarded as mutual agreements, the spirit and letter of which will be observed by all honorable persons.
- Respect the decisions of the officials for they are mutually selected by the competing schools and are invested with the final authority by the rules of the game.
- Pursue a course of individual conduct and team action which will be honorable if shown to opponents or to the public.
- Whether a visitor or host, "Do unto the other fellow the way you would like for him to do unto you and do it first."
- The spectator represents his school and community and should give suitable recognition to the skill and sportsmanship of players, regardless of their team affiliation.

Officials rate schools on sportsmanship, including players, school officials and spectators.

Sports Fees, Eligibility Requirements

Each student who chooses to participate in any of these sports must pay a participation fee, but only once during the school year. A sports activity pass is issued only for the season (fall or winter) in which the student is participating in a sport. Eligibility rules are set according to the MSHSAA and the local athletic committee. According to

MSHSAA bylaws, if a student misses one or more classes without being excused by an administrator, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes without an unexcused absence.

Sportsmanship Code

We, the student body, feel good sportsmanship should prevail at all school functions. We consider all opponents as guests and treat them with courtesy due friends and guests. We accept all decisions of officials without questions. We never utter abusive or vulgar remarks to a player or an official. We applaud opponents (such as a player attempting a free throw). We seek to win by fair and honest methods according to the rules. We try to win without boasting and lose without excuses. We ask that every player and fan do his/her best through the game to cooperate with us in living up to our code.

Attendees removed from a contest by a referee, principal or supervisor may be suspended from any or all activities for the remainder of the season. Suspensions occurring in the second half of a season may be carried over to the following sports season at the discretion of the Principals and/or Activities Director.

Such individuals are encouraged to immediately report the alleged acts to an appropriate District official designated by this Policy.

Any teacher, administrator, or other school official who has or receives notice that a student has or may have been the victim of unlawful discrimination, sexual harassment or harassment based on race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation by a student, teacher, administrator, or other school personnel of the District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the District, is required to immediately report the alleged acts to an appropriate District official designated by this Policy.

Any other person with knowledge or belief that a student has or may have been the victim of unlawful discrimination, sexual harassment or harassment based on race, sex color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation as set forth above, is encouraged to immediately report the alleged acts to an appropriate District official designated by this Policy.

The School District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the School District office, but oral reports shall be considered complaints as well. Use of formal reporting forms is not mandated. Nothing in this Policy shall prevent any person from reporting harassment directly to the Compliance Officer or to the Superintendent. The District will respond to male and female students' complaints of discrimination and harassment promptly, appropriately, and with the same degree of seriousness.

In each school building, the building principal is the person responsible for receiving oral or written reports of discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation at the building level. Any adult School District personnel who receives a report of discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation shall inform the building principal immediately.

Upon receipt of a report, the principal must notify the District Compliance Officer immediately, without screening or investigating the report. The principal may request but may not insist upon a written complaint. If the report was given verbally, the principal shall personally reduce it to written form and forward it to the Compliance Officer within twenty-four (24) hours. Failure to forward any harassment report or complaint as provided herein will result in disciplinary action against the principal.

If the complaint involves the building principal, the complaint shall be made or filed directly with the Superintendent or the School District Compliance Officer by the reporting party or the complainant.

The School Board has designated the Assistant Superintendent of Human Resources as the District Compliance Officer with responsibility to identify, prevent, and remedy unlawful discrimination and harassment. The District Compliance Officer shall:

- receive reports or complaints of unlawful discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation;
- oversee the investigative process;
- be responsible for assessing the training needs of the District's staff and students in connection with the dissemination, comprehension, and compliance with this Policy;
- arrange for necessary training required for compliance with this Policy; and
- insure that any investigation is conducted by an impartial investigator who has been trained in the requirements of equal educational opportunity, including harassment, and who is able to apply procedural and substantive

standards which are necessary and applicable to identify unlawful harassment, recommend appropriate discipline and remedies when harassment is found, and take other appropriate action to rectify the damaging effects of any prohibited discrimination, including interim protection of the victim during the course of the investigation.

If any complaint involves a Compliance Officer, the complaint shall be filed directly with the Superintendent.

The District shall conspicuously post a notice against unlawful discrimination and harassment in each school in a place accessible to students, faculty, administrators, employees, parents, and members of the public. This notice shall include the name, mailing address, and telephone number of the Compliance Officer; the name, mailing address, and telephone number of the Missouri Commission for Human Rights, the state agency responsible for investigating allegations of discrimination in educational opportunities; and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights, and the United States Department of Justice.

A copy of Policy 2130 shall appear in the student handbook, and this Policy shall be made available upon request of parents, students, and other interested parties.

The School Board will develop a method of discussing this Policy with students and employees. Training on the requirements of nondiscrimination and the appropriate responses to issues of harassment will be provided to all school personnel on an annual basis, and at such other times as the Board in consultation with the District Compliance Officer determines is necessary or appropriate.

This Policy shall be reviewed at least annually for compliance with state and federal law.

The District will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as possible, consistent with the District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

INVESTIGATION

Upon receipt of a report or complaint alleging unlawful discrimination, sexual harassment, or harassment based upon race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation, the Compliance Officer shall immediately undertake or authorize an investigation. That investigation may be conducted by District officials or by a third party designated by the District.

The investigation may consist of personal interviews with the complainant, the individual against whom the complaint is filed, and others who have knowledge of the alleged incident or circumstances giving rise to the complaint. The investigation may also consist of the evaluation of any other information or documents, which may be relevant to the particular allegations.

In determining whether the alleged conduct constitutes a violation of this Policy, the District shall consider:

- the nature of the behavior;
- victim's statements;
- how often the conduct occurred;
- mandatory written witness statements or interview summaries;
- whether there were past incidents or past continuing patterns of behavior;

- opportunity for the complainant to present witnesses and provide evidence;
- evaluation of all relevant information and documentation relating to the complaint of discrimination or harassment;
- the relationship between the parties involved;
- the race, color, sex, national origin, age, ethnicity, disability, sexual orientation or perceived sexual orientation of the victim;
- the identity of the perpetrator, including whether the perpetrator was in a position of power over the student allegedly subjected to harassment;
- the number of alleged harassers;
- the age of the alleged harassers;
- where the harassment occurred;
- whether there have been other incidents in the school involving the same or other students;
- whether the conduct adversely affected the student's education or educational environment;
- the context in which the alleged incidents occurred.

Whether a particular action or incident constitutes a violation of this Policy requires a determination based on all the facts surrounding the circumstances.

The investigation shall be completed and a written report given to the Superintendent no later than fifteen (15) days from receipt of the complaint. If the complaint involves the Superintendent, the written report may be filed directly with the School Board. The written report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this Policy. The Compliance Officer's obligation to conduct this investigation shall not be extinguished by the fact that a criminal investigation involving the same or similar allegations is also pending or has been concluded.

SCHOOL DISTRICT RESPONSE

- (a) Upon receipt of a report that a violation has occurred, the District will, within 48 hours, take appropriate formal or informal action to address, and where appropriate, remediate the violation. Appropriate actions may include, but are not limited to, counseling, awareness training, parent-teacher conferences, warning, suspension, exclusion, expulsion, transfer, remediation, or discharge. District action taken for violation of this Policy shall be consistent with the requirements of applicable collective bargaining agreements, state and federal law, and District policies for violations of a similar nature of similar degree of severity. In determining what is an appropriate response to a finding that harassment in violation of this Policy has occurred, the District shall consider:

what response is most likely to end any ongoing harassment;
 whether a particular response is likely to deter similar future conduct by the harasser or others;
 the amount and kind of harm suffered by the victim of the harassment;
 the identity of the party who engaged in the harassing conduct.
 whether the harassment was engaged in by school personnel, and if so, the District will also consider how it can best remediate the effects of the harassment.

In the event that the evidence suggests that the harassment at issue is also a crime in violation of a Missouri criminal statute, the Board shall also direct the District Compliance Officer to report the results of the investigation to the appropriate law enforcement agency charged with responsibility for handling such crimes.

- (b) The results of the District's investigation of each complaint filed under these procedures will be reported in writing to the complainant and other parties by the District within 10 days of the Compliance Officer's receipt of the complaint, in accordance with state and federal laws regarding data or records privacy, and consistent with the privacy rights of the alleged harasser.
- (c) If the District's evaluation of a complaint of harassment results in a conclusion that a school employee has engaged in unlawful discrimination or harassment in violation of this Policy, or that a school employee(s) has failed to report harassment as required herein, that individual may appeal this determination by presenting a written appeal within 10 school days of receiving notice of the District's conclusion, by use of established School Board procedures for appealing other adverse personnel actions. (See personnel handbooks.)
- (d) If the District's evaluation of a complaint of harassment results in a conclusion that no unlawful harassment has occurred, an individual who was allegedly subjected to harassment and believes that this conclusion is erroneous may appeal this determination by presenting a written appeal to the Superintendent within 10 school days of receiving notice of the District's conclusion. The grievant may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Superintendent or his/her designee within 10 working days after receiving the written appeal.
- (e) If the complainant believes the Superintendent has not adequately or appropriately addressed the appeal, he or she may present a written appeal to the President of the Board of Education within ten (10) working days after the grievant receives the report from the Superintendent. The grievant may request a meeting with the Board of Education. The Board of Education has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Board of Education at their next regularly scheduled meeting or no later than 45 calendar days from the District's receipt of the complainant's appeal to the Board. The grievant will be notified in writing of the decision within 5 working days after the Board of Education meeting.
- (f) An individual who was allegedly subjected to unlawful discrimination or harassment may also file a complaint with the Missouri Commission for Human Rights, the United States Department of Education, Office for Civil Rights, or the United States Department of Justice. In addition, such individual may choose to file suit in the United States District Court or the State Circuit Court.
- (g) Copies of all complaints of harassment and the investigations conducted pursuant to them shall be maintained at the main administrative offices of the School District.

RETALIATION

Submission of a good faith complaint or report of unlawful discrimination, sexual harassment, or harassment based upon race, sex, color, disability, national origin, age, ethnicity, or sexual orientation will not affect the complainant or reporter's future employment, grades, learning, or working environment, or work assignments.

The School District will discipline or take appropriate action against any student, teacher, administrator, or other school personnel who retaliates against any person who reports an incident of alleged harassment/discrimination, sexual, racial, ethnic, sexual orientation discrimination, disability-related harassment or violence, or any person who testifies, assists, or participates in a proceeding, investigation, or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Title I ESEA Staff Responsibilities

2. Provide an orientation meeting for parents each school year before the end of the first quarter.
3. Provide parents of each school with the results of the annual review. This review is to include the individual school performance profiles.
4. Provide timely notification to parents, in the form of letters and flyers, regarding Title I ESEA meetings and workshops.

8. Invite parents to and include parents in Title I ESEA program review team meetings.

Title I ESEA Building Level Responsibilities

Each Title I ESEA building administrator will invite all parents to attend their school's program planning meetings, school review and improvement meetings.

Teachers will be available for individual conferences at the regularly scheduled District Parent/Teacher Conference dates, and at other times by appointment through each building office. Meeting times will take into account the need to accommodate a variety of parent work schedules. Through these reports and conferences, Title I ESEA teachers will provide parents with the results of evaluations of student progress. These evaluations will include, but will not be limited to, test results, measurements of homework turned in, homework completed, student attitudes and student behavior.

Each Title I ESEA school will:

Title I Grievance Procedure

Any parent, other individual, or organization alleging a violation of state or federal laws, rules, or Policy or an approved application by the District in the administration of Title I shall file with the Superintendent a written complaint containing the specific nature of the alleged violation, the time and place of the violation, and related details of the alleged violation. The Superintendent of Schools shall cause a review of the written complaint to be conducted and a written response mailed to the complainant within ten (10) working days after receipt of the written complaint. A copy of the written complaint and the Superintendent's response shall be provided each member of the Board. If complainant is not satisfied with such response, he or she may submit a written appeal to the Board indicating with particularity the nature of disagreement with the response and his/her reasons underlying such

The Board shall consider the appeal at its regularly scheduled board meeting following receipt of the response. The Board shall permit the complainant to address the Board in public or closed session, as appropriate and lawful, concerning his/her complaint and shall provide the complainant with its written decision in the matter as expeditiously as possible following completion of the hearing.

If the complainant is dissatisfied with the action taken by the Board of Education, a written notice stating the reasons for dissatisfaction shall be filed within fifteen (15) working days following resolution of the complaint by the Board with the state director of Title I. The state director of Title I will initiate an investigation, determine the facts relating to the complaint and issue notice of his findings to the Board and the complainant. If the findings support the allegations of the complainant, the Board will be requested to take corrective action. If the findings support actions taken by the Board of Education, the Board's action will stand.

TITLE IX GRIEVANCE PROCEDURE

Students, parents of elementary and secondary school students, employees, applicants for admission and employment, sources of referral of applicants for admission and employment with the Independence School District have the right to file a formal complaint alleging noncompliance with Policy outlined in Title IX of the Education Amendments of 1972.

A student or parent with a sex discrimination complaint may discuss it with the teacher, counselor, or building administrator involved. Level 2: Title IX and Section 504 Coordinator

If the grievance is not resolved at Level 1 with the District's Title IX/Section 504 Coordinator and the grievant wishes to pursue the grievance, it may be formalized by filing a complaint in writing on a Compliance Violation Form. This form may be obtained from the Title IX and Section 504 Coordinator. The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at Level 2 must be within fifteen (15) working days from the day of the event giving rise to the grievance or from the date the grievant could reasonably become aware of such an occurrence. The grievant may request that a meeting concerning the complaint be held with the Title IX and Section 504 Coordinator. A minor student may be accompanied at that meeting by a parent or guardian. The Title IX and Section 504 Coordinator shall investigate the complaint and attempt to solve it. A written report from the Compliance Officer to the complainant regarding action taken will be sent within fifteen (15) working days after receipt of the complaint.

Level 3: Superintendent

If the complaint is not resolved at Level 2, the grievant may proceed to Level 3 by presenting a written appeal to the Superintendent within ten (10) working days after the grievant receives the report from the Title IX and Section 504 Coordinator. The grievant may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. STUDENTS Policy 2662 (Form 2662)

Discipline: Suspension

Students are expected to conduct themselves in accordance with Board Policy 2610. Failure to do so may result in a student's suspension or expulsion from school.

A building principal may suspend a student for a period not to exceed ten (10) school days. Such suspension shall immediately be reported in writing to the Superintendent who may revoke or reduce the suspension if the Superintendent concludes that circumstances warrant such action.

When a student is suspended, the principal/designee shall attempt to reach the student's parent/guardian to inform them of the school's action and to request that they come to school for their student. If the parent/guardian is unable to come for the student, the principal/designee may ask the parent/guardian for permission to send the student home. If the parent/guardian cannot be reached or if the above request is refused, the student must remain on school property until the close of the school day.

If the principal decides that a suspension in excess of ten (10) school days is warranted, the principal may petition the Superintendent for such suspension. The Superintendent of Schools may suspend a student for a period not to exceed 180 school days.

No student shall be suspended by a principal or by the Superintendent unless:

1. The student shall be informed, orally or in writing, of the charge against him/her, and
2. If the student denies the charge, he/she shall be given an oral or written explanation of the facts which form the basis of the proposed suspension, and
3. The student shall be given an opportunity to present his/her version of the incident to the principal or Superintendent.

Any suspension shall be reported immediately, in writing, to the student and the student's parent/guardian or others having custodial care of the student. A copy will be forwarded to the Superintendent.

If a suspension is ordered by the Superintendent for more than ten (10) school days, the Superintendent's order may be appealed to the Board of Education if written notice of appeal is delivered to the office of the Board of Education. If such suspension is appealed, the Superintendent shall promptly provide the Board with a report of the facts involved in the suspension, the action taken by the Superintendent, and the reasons for the Superintendent's decision.

In such event, the suspension shall be stayed until the Board renders its decision, unless in the judgment of the Superintendent the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the student may be immediately removed from school, and the notice and hearing shall follow as soon as practicable.

Any appeal to the Board of Education of the Superintendent's decision to suspend a student for more than ten (10) days may be heard and determined by the full Board or by a quorum thereof, or by a committee of three Board members appointed by the President of the Board. Such committee shall have full authority to act in lieu of the Board.

Students will be readmitted or enrolled after expiration of their suspension from the District or from any other district only after a conference has been held to consider prior misconduct and remedial steps necessary to minimize future acts of similar misconduct. Participants in such pre-admission conferences will include:

1. Any teacher directly involved in the suspension offense.
2. The student.
3. The parent/guardian.

STUDENTS-Policy 2663 (Form 2663)

Discipline: Expulsion

No student may be permanently expelled from school without a prior hearing before the full Board or, at least, a quorum of the Board. A decision to expel a student requires the vote of a majority of those Board members present. Due process for expulsion of students shall include the following:

- Board action shall begin with a written notification of the charges against the student, which shall be delivered by certified mail to the student, his/her parent/guardian, or others having his/her custodial care. Such notification will include charges, contemplated action, and time and place of a hearing on such charges and that the student, parent/guardian, or others having custodial care shall have the right to attend the hearing and to be represented by counsel.
- The hearing will be closed unless the student, parent/guardian or others having custodial care requests an open hearing. At said hearing, the Board of Education or counsel shall present the charges, testimony, and evidence deemed necessary to support the charges. The Board will expect the principal in each case to be present and make oral and written reports and statements concerning the student's misconduct. The student, parent/guardian or others having custodial care, or counsel, shall have the right to cross examine witnesses presented in behalf of the charges and to present testimony in defense there against.

- At the conclusion of the hearing or in an adjourned meeting, the Board of Education shall render its decision to dismiss the charges, suspend the student for a specified time, or expel the student from the schools of the District. Prompt written notice of the decision shall be given to the student, parent/guardian or others having custodial care, and counsel, if applicable.

STUDENTS Policy 2664

Discipline: Enrollment or Return Following Suspension and/or Expulsion

No student shall be readmitted, or permitted to enroll or otherwise attend school (except as may otherwise be required by law), following a suspension or expulsion from this or any other school until the District has conducted a conference to review the conduct that resulted in the expulsion or suspension, and any remedial actions needed to prevent any future occurrences of such or related conduct.

The conference shall include the appropriate school officials, including (1) any teacher employed in the District or directly involved with the conduct that resulted in the suspension or expulsion, (2) the student, (3) the parent/guardian of the pupil, and (4) any agency having legal jurisdiction, care, custody or control of the student.

The District shall notify in writing the parent/guardian and all other parties of the time, place, and agenda of any such conference. However, failure of any party to attend this conference shall not preclude holding the conference.

Notwithstanding any provision of this Policy to the contrary, no student shall be readmitted or enrolled in a regular program of instruction if:

- The student has been convicted of one of the offenses listed below.
- The student been charged with one of the offenses and there has been no final judgment.
- A juvenile petition has been filed alleging that the student committed an act, which if committed by an adult, would be one of the offenses listed below, and there has been no final judgment; or

- Arson in the first degree under Mo. Rev. Stat. § 569.040
- Kidnapping, when classified as a Class A felony under Mo. Rev. Stat. § 565.110

Nothing in this Policy shall be construed to prevent the District from imposing discipline under the Student Code of Conduct for conduct underlying the above listed offenses, even if the adult charge or juvenile petition has been dismissed, or the student has been acquitted or adjudicated not to have committed such acts in a criminal or juvenile court — if by a preponderance of the evidence, it can be established that the student engaged in the underlying conduct. The District may enroll a student, otherwise excluded under this Policy, in an alternative education program if the District determines that such enrollment is appropriate.

Students denied enrollment because of conviction of one of the acts set out in this Policy or due to an existing suspension or expulsion from another school district will be advised of the reasons for denial of enrollment and will be given an opportunity to respond to those reasons.

If the parent/guardian elects to have the student represented by an attorney at the hearing, the parent/guardian shall notify the Superintendent of such representation at least twenty four hours prior to the scheduled time of the hearing.
- Prior to the hearing, the parties, or their attorneys, may examine at the Board Office the discipline report and all related records.
- Upon the request of any party, the Superintendent shall submit for review at the hearing the student's behavioral and academic record. If necessary, the information contained in such record may be explained and interpreted by a person trained in its use and interpretation. The decision must be based solely on the evidence presented at the hearing and must include findings of fact on which the decision rests.

STUDENTS Policy 2672

Discipline: Discipline of Students with Disabilities

Removal from Current Educational Placement for Not More Than Ten Consecutive School Days; Not More Than Ten Cumulative Days Removal for the Current School Year

A student with a disability who violates the District's discipline policy who has not been removed from the current educational placement for more than ten (10) cumulative days for the current school year may be disciplined for not more than ten (10) consecutive school days in the same manner as other students.

Services will not be provided to the student when the total number of days the students has been removed from the current educational placement is not more than ten (10) days, unless services are provided to children without disabilities who have been similarly removed.

Removal from Current Educational Placement for More than Ten Cumulative School Days:

A student with a disability who violates the District's discipline policy who has been removed from the current educational placement for more than ten (10) cumulative days in the current school year may be disciplined for not more than ten (10) consecutive school days in the same manner as other students, if the pattern of short term exclusions totaling more than ten (10) cumulative days does not constitute a change of placement.

On the eleventh day of removal in a school year, the District will provide educational services. If the cumulative removals do not constitute a change of placement, the services to be provided will be determined by school personnel in consultation with the student's special education teacher.

A series of removals from the current educational placement for more than ten (10) days may amount to a pattern of exclusion that constitutes a change of placement. If a student with a disability has been removed for more than ten (10) cumulative school days and the removals constitute a change of placement, or if a school administrator determines that a removal for more than ten (10) consecutive school days is being considered, on the date a decision to make such a removal is made, the parents will be notified of the decision and provided a copy of the IDEA procedural safeguards.

Not later than ten (10) business days after commencing a cumulative removal that constitutes a change of placement or when considering a removal of greater than ten (10) consecutive school days, the District will convene an IEP meeting to develop a functional behavioral assessment plan if one has not previously been conducted. After completing the assessment, an IEP meeting will be held to develop a behavioral intervention plan if appropriate and necessary. If a behavior plan already has been developed, the IEP team will meet to review the plan and its implementation. The plan and its implementation will be modified as necessary.

In addition, not later than ten (10) days after the date of the decision to remove a student for more than ten (10) cumulative days constituting a change of placement or for consideration of a removal of more than ten (10) consecutive school days, the IEP team and other qualified personnel will meet to review the relationship between the student's disability and the behavior subject to disciplinary action.

If a determination is made that the student's behavior was not a manifestation of the student's disability, disciplinary rules will be applied to the student in the same manner they would be applied to a student without a disability, except that a free appropriate public education will be provided to the student as determined by the IEP team.

Long-Term Changes in Placement (Drugs and Weapons)

In addition to any other actions consistent with this Policy, District administrators may assign a student to an interim alternative educational setting for a period of time not to exceed forty-five (45) calendar days, when a student with a disability:

1. Possesses a weapon at school or at a school function; or
2. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or at a school function.

On the date a decision to make such a removal is made, the parents/guardians will be notified of the decision and provided a copy of the IDEA procedural safeguards.

Not later than ten (10) business days after commencing such a removal, the District will convene an IEP meeting to develop a functional behavioral assessment plan if one has not been previously conducted. After completing the assessment, an IE meeting will be held to develop a behavioral intervention plan if appropriate and necessary. If a behavior plan already has been developed, the IEP team will meet to review the plan and its implementation. The plan and its implementation will be modified as needed.

Not later than ten (10) days after the date of the decision to assign a student to an interim alternative educational setting, the IEP team and other qualified personnel will meet to review the relationship between the student's disability and the behavior subject to the disciplinary action and to determine the interim alternative educational placement.

The IEP team will decide on an interim alternative educational setting that will allow the student to continue to progress in the general curriculum, to receive the services and modifications that will enable the child to meet the goals set out in the student's IEP, and to receive services and modifications to attempt to prevent the student's behavior from recurring.

Special Education Public Notice

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, including non-residents of attending private schools within the district's jurisdiction, highly mobile children such as migrant and homeless children, and children who are suspected of having a disability and in need of special education.

The Independence School District assures that it will provide a free and appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf blindness, emotional disorders, hearing impairment, deafness, intellectual disabilities, multiple disabilities, speech and language impairments, traumatic brain injury, visual impairment blindness, and young children with developmental delays.

The Independence School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for all infants and toddlers eligible for the Missouri First Steps Program.

The Independence School District assures that personally identifiable information collected, used, or maintained by the agency for purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and or reviewed by parents/guardians. Parents/guardians may request amendment to the educational record if the parent believes any of the information is inaccurate, misleading, or violates the privacy of their child. Parents have the right to file a complaint with the Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Independence School District has developed a Local Compliance Plan for the implementation of the State Regulations of the Individuals with Disabilities Improvement Act (IDEA 2004)). Annual Notification To Use Public Funded Program Benefits

Part B of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) allows for school districts to use specific government funded public program benefits to assist with costs associated with IEP services. Examples of covered IEP services include speech therapy, occupational therapy and physical therapy. We are required to annually notify parents of our participation.

One-time written parental consent to release personally identifiable information to the government funded public program (i.e. Medicaid—MO HealthNet) to determine, access, and recover entitled program benefits from a student's or parent's government funded public program benefits will be sought by the District. Consent is voluntary and may be revoked at any time. Consent does not give the District permission to access private insurance benefits. Your written consent indicates that you understand and agree that the District will submit your child's information to the government funded public program and their authorized agencies to verify eligibility and submit claims.

Parents are not required to sign up for or enroll in Medicaid to receive IEP services or a free appropriate public education, nor are they responsible for any out of pocket expenses for these IEP services. The District will provide the required IEP services to your child at no cost to you whether or not you grant your written consent. The District's use of this reimbursement program does not in any way affect or impact other Medicaid benefits to which the child is entitled, including any otherwise eligible services out of the school.
